

# The Third Annual Utah Health Information Technology Conference

Education sessions for healthcare providers, administrators and HIT professionals explore how technology enables secure, connected care for a value-based world!

- ⇒ Learn from top-notch speakers
- ⇒ Dive into privacy and security with an in-depth panel discussion
- ⇒ Choose a breakout session to explore how technology is revolutionizing:
  - ⇒ Diabetes care in communities of color
  - ⇒ End-of-life care planning
  - ⇒ Behavioral health care coordination

TUESDAY, MAY 17, 2016
